Education

2020 – 2025 📖 **B.Sc. Data Science, University of Information Technology and Communication, VietNam.**
Current GPA: 3.0
Field: *Machine Learning, Deep Learning.*

Work Experience

2023 – present 📖 **AI/CV Researcher at Institute of Applied Science and Technology (IAST)**
From: 2023, October to present

- Research and develop ML (Machine Learning), CV (Computer Vision) techniques.
- Design and implement AI applications supporting healthcare based on machine learning models and deep neural networks.

Skills

Languages	📖 Strong reading and writing competencies for English.
Coding	📖 C/C++, Python, \LaTeX , Markdown.
Scientific Libraries	📖 Keras, Scikit-Learn, Tensorflow, Pytorch.
Framework & Tools	📖 Vim, Pycharm, VsCode, Jupyter, Git.
Misc.	📖 Ubuntu, Academic research, Training.

Miscellaneous Experience

Certification

2023 📖 **The '5 Excellent' award recipient at University of Information Technology and Communication school (ICTU).**

2024 📖 **The '5 Excellent' award recipient at Thai Nguyen University.**

Research Interest

- 📖 **Machine Learning**
- 📖 **Deep Learning**
- 📖 **Computer Vision**
- 📖 **Machine Learning, Computer Vision for Healthcare, Production and Trading**
